Outreach[®]
The Nonprofit Pharmacy

Rx Outreach is the nation's largest, non-profit, fully licensed, mail order pharmacy and Patient Assistance Program (PAP). It offers more than 1,000 medication strengths at affordable prices. We partner with hundreds of clinics and organizations across the U.S. to provide a crucial health safety net for those who battle both illness and poverty. Since 2010, Rx Outreach has saved people in need more than \$822 million on their prescription medications compared to retail costs.

Rx Outreach serves people below 400% FPL regardless of their citizenship status or whether they are insured with high deductibles and high copays or uninsured. Many patients do have insurance but find the medication prices at Rx Outreach to be less than their co-pays.

Rx Outreach makes it easy for clinics and patients by offering free home delivery, transparent pricing, a comprehensive formulary, and easy access by phone, mail, or online. Clinic partners have 24/7 access to the Rx Outreach Clinic Portal to efficiently manage patient enrollment, orders, and refills. Save time with customized medication order forms and monthly invoicing. We have a dedicated clinic team and you always have access to free pharmacist consultations.

Our Preferred Clinic programs are specifically designed to fit the needs of community clinics. Each is offered and managed with a clear understanding of your mission, your daily challenges and your need to be efficient.
